By comparing the dollar amounts, we can arrange these five months in order from most expensive to least expensive.

January, December, February, March, November

Lesson Practice

a. Use words to name $563.45.

b. Use words to name 101.

c. Use words to name 111.

d. Use digits to write two hundred forty-five.

e. Use digits to write four hundred twenty.

f. Use digits to write five hundred three dollars and fifty cents.

g. In 1825 the Erie Canal consisted of eighty-three locks. A reconstruction completed in 1862 changed the number of locks to seventy-two. During which year, 1825 or 1862, did the Erie Canal contain the greater number of locks?

h. This table shows the total sales at a school bookstore during one week:

Day	Total Sales
Monday	$40
Tuesday	$26
Wednesday	$18
Thursday	$25
Friday	$11

Order the total sales amounts from least to greatest.
